Comments: I love living near the Sandia mountains and spending time there, but I do not wish to enjoy nature at the expense of the wishes of Sandia Pueblo community members. The Pueblo Action Alliance (an organization that is led by members of several Pueblos) has issued a statement against this plan. It is very disappointing to hear about this plan and how disrespectful it is to the original communities of this land. Please do not move forward with this plan, and make sure to consult a wider array of community members before making plans like these in the future.
