Comments: The impacts to the mountain, the forest, and waterways this will bring include noise pollution, increased litter, and increase of uneducated tourists and "recreation".

"Most importantly, this mountain is sacred to the Tiwa People." - J.F.B.

The fact that this "project" even got this far is a disgrace. This letter is in opposition to any development or construction to these ancestral homelands that are not initiated and approved by the Pueblo of Sandia.

Please do not desecrate this beautiful space. Work to preserve it.
