Comments: NO TO ANY ROLLER COASTER ON SANDIA MOUNTAINS. Please DO NOT desecrate our gorgeous Sandia Mountains for a useless roller coaster. My children have grown up, just as I did, in/with the Sandia Mountains, and her magnificent grace and watermelon colored beauty is something that we have learned to care for with great duty and honor over the last few decades. I have more love for the Sandias and all of her gifts of life and miraculous precious memories preserved in her very roots, than I do of my own past. Please do Not build a useless money pit that will only rape mother nature of her amazing magnificence. Our Sandia mountain, her gifts of love and life are forever will be far more valued than a worthless roller coaster by generations to come.
