Title:

Comments: Absolutely NO to the Sandia Mountain Roller Coaster. This project is wholly unnecessary and completely ridiculous, an affront to the Pueblo peoples and a disgrace to sacred land. It would be a complete waste of money , not to mention the impact it will have on wildlife and the watershed, plus all of the increased litter, noise and air pollution.

PLEASE DO NOT move forward with this project. There are so many better things that could be done with these funds. Please, please keep this land sacred.
