Title:

Comments: I am writing in opposition to the proposed rollercoaster in the Sandia Mountains. This proposed recreation would have adverse impacts to the mountain, forest area, and watershed. An increase in traffic, noise pollution, and litter, will have long term environmental impacts on the area and its wildlife. Most importantly, this mountain is a sacred entity to the Pueblo of Sandia and its community members, and outdoor recreation has been more important than the Pueblo nations having right to their ancestral homelands.
