Comments: To Bryan West, Project Manager, Cibola National Forest, USFS,

This public comment is in opposition of the proposed project, "Sandia Peak Ski Area Mountain Coaster #56985."

I'm sure I could find all kinds of research about deer mating or whatever but the real reason I oppose this is it is LITERAL INSANITY. Whose fever dream was this? The forest is for forest recreation like hiking and bird watching. Seems like it's going to cause a ton of damage, cost a ton of money and ultimately be a defunct testament to man's desperation for tourist dollars.
