Comments: I strongly oppose building a roller coaster, or mountain coaster, or whatever you want to call in in the Sandia Mountains! I feel that a large part of the magic of the Sandias is that the mountain is so well preserved and undeveloped as a whole compared to many other mountains with ski hills, hiking and mountain biking trails in the US. And that is what makes them so special! For the sake of honoring the native lands taken for "recreation purposes," and in the interest of maintaining a sense of peace and quiet, wilderness, and limiting vehicle traffic up the mountain, please do NOT approve this proposal! Thank you for your time. I sincerely hope to hear that this does not go through.
