Title:

Comments: I am a woman of Pueblo heritage and my family lived (and still lives) in the Sandia area. I oppose the roller coaster. The Pueblo people were not included in discussions about use of our ancestral lands for recreation, not have proper (or any?) studies been done on how an influx of thrill seekers will treat the land and the people surrounding the proposed 'amusement' area. It will also ruin the natural beauty. Our mountains and lands are not a carnival ground.
