

Data Submitted (UTC 11): 3/31/2021 10:31:15 AM

First name: Avi

Last name: Cordoni

Organization:

Title:

Comments: This is an environmental issue and is not right. Think of all the plant and animal species that will be displaced because of this. The construction process alone will be damaging to environment, destroying natural habitats. Even after the coaster is finished, it will continue to stress the animals and disturb the peace of the mountains. Please reconsider.
