Comments: I love the Sandia Mountains and the recreational opportunities here. I am also a white settler here in the Tiwa lands of Albuquerque. The primary reason I am opposed to Sandia Peak Ski Area Mountain Coaster #56985 is because the project is disrespectful of Sandia Pueblo's use of their ancestral lands for their own religious and cultural purposes. That should be the first consideration.

And additionally, as someone who enjoys the Sandias for hiking, and for whom hiking is a spiritual practice, I'm personally disturbed at the idea of a roller coaster disrupting the peaceful environment of the mountains.
