Title:

Comments: I am writing to oppose the building of this coaster on Sandia mountain, especially without meaningful contributions from the Sandia Pueblo or a Environmental Impact Report. Though in the name of recreation (and not, say, fossil fuels) these projects can have lasting negative impacts due to increased traffic and multiple kinds of pollution. Let us not forget that the Sandia Pueblo people were here long before European colonization, and their claim to these mountains will outlast us and all the development we allow. Please, chose to work with the Native peoples of this mountain and their wishes, and not in the name of profit.
