Comments: Destroy a mountain to build a "rollercoaster"? Disregarding EIR information??? Disregarding Indigenous Peoples rights? Creating runoff & avalanche opportunities? What are you thinking? Create a horseback tour or something with litter impact on the land. Even a zip line would be better!

This is just a nightmare!! No people who live around there can afford to go & NOBODY visiting New Mexico goes to ride an environmentally disasterous roller coaster! Where do you think you are the midwest?? Just stop!
