Comments: My name is Abbey Schenken, I'm a 7th grader and I Urge the USFS to conduct an EIS and not choose Alternative 1. This is important to me as I am the future and already I see my, and generations after mine's, planet being treated terribly and I fear how this may effect our already hurting planet. It is also important to me as I acknowledge that we are on stolen land and if we are not going to return this land to the indigenous people then we should be respectful and not clear cut their forests.
