Title:

Comments: I'm a 36 year old father of a 6 year old daughter. We spend a lot of time in that part of Whatcom County and we care about what happens to this land deeply. We urge the USFS to conduct an EIS and not choose alternative 1. This is native land and we should be respecting First Nations treaty rights. Not to mention the potential impact this could have on climate change and the stability of salmon in the river. Thank you and I hope you do the right thing.
