Comments: Dear Forest Service:

Please designate all trails leading to and in the Rapid River Wild and Scenic River corridor as non-motorized. It is one of the most beautiful and naturally bountiful areas of Idaho and should be preserved for non-motorized use only. I have run from the fish hatchery to the cabin several times and it is absolutely serene and spectacular. I am an avid trail runner and appreciate this beautiful place as it is best kept - quiet, beautiful and untrampled by vehicles. Idaho has many other options for motorized recreation - this should not be one of them. Thank you
