Comments: Personally, I am so tired of the same old cruel and ignorant mentality to eliminate our animals, such as, these beautiful horses. It's simply inhumane! Why have you not evolved to be kind to others and that means all creatures great or small? Please help these horses by using PZP to maintain the herd and bait trapping over time so that they are not overcrowding the other horses already crammed into off range holding facilities. How did you qualify for this job..was it to be heartless and uncaring? Please help and do the kind, human thing for our horses.
