Comments: How about you stop killing our animals? The American people have never given you permission to kill our horses or burros, and they BELONG TO US, NOT YOU.

And stop adding to the thousands of wild horses already in off-range holding facilities across the country.

The Heber wild horses have been the target of illegal hunting since 2018 and the Forest Service has not protected these FEDERALLY PROTECTED ANIMALS or bothered to find the killers responsible. You are in very bad odor in my home and I'm for defunding you.
