Comments: On 20,000 acres of land, you propose giving away grazing benefits for 500 COW/CALF PAIRS and reducing Americans' native horses to JUST 50???

As a substantial U.S. taxpayer, I am really FED UP with government agencies such as yours, kowtowing to the demands of ranchers and giving away taxpayer-owned public lands, FOR CENTS ON THE DOLLAR, for hundreds of cattle while rounding up and terrifying America's iconic horses! SHAME ON YOU. STOP THIS NOW.
