Comments: We have enough land to feed the entire herd as it is. It makes you ask why? Why thin the herd to 1/2 it's size? When we have more than enough resources for all the cattle in the area! As well as more than enough resources for the herd of horses. The answer is simple. Someone with money wants ALL the land to themselves. That is not fair to the horses! And it is not fair to America! Because they represent the best of America! FREEDOM! When I see a wild herd of horses? It takes my breath away! Like an expansive mountain view. These horses have unique personalities. They are not cattle to be prodded and sterilized. They need to be treated like our family pets. If you wanted to carrel your dogs? How would you go about that? Set out food and water. Talk to them. Please re-think this. It seems like our FREEDOM is being chipped away at every turn. At some point we are ALL going to have to stand up for our FREEDOM. This is a Fantastic place to start. Let's get back to being American's with our Wild Horses! Roaming Free! Whatever you decide? Please have a Heart and do it in a Compassionate way... Like the Song writer and Singer "Neil Young" has a Song Called "May You Run" ... Please google it and listen with your Heart! And "May You Run"!
