Comments: To whom it may concern,

Let me start off by introducing myself, my name is Amanda. I am passionate about wild horses, and feel they have more right than grazing cattle on rights to the land. You have no right in altering our wildlife. We (people) damage our environment (and own lives for that matter) on our own easily and selfishly enough. Wild horses are a integral part of what the Wild West is and have the right to roam and be admired.
