Good morning,

It came to my attention that the project: Cordova Ranger District Guided Helicopter Skiing Project (<https://www.fs.usda.gov/project/?project=59615>) is coming to a decision in the next few days.

I am a customer of Points North Heli operation and I just wanted to raise voice on how amazing it would be to explore more of the Chugach terrain with the extension of the permit to be able to fly into new forrest land.

It's an amazingly beautiful place on earth that I'd like to visit more as a tourist.

I hope my voice finds an ear in the process.

My personal information for the record is

Philipp Berner

San Francisco CA 94110

Please feel free to reach out if there is anything you'd like to clarify.

I truly hope to be exploring more of the area with this new use permit in the future.

Best

Philipp Berner
