First name: Mary

Last name: Gamble

Organization:

Title:

Comments: I am writing to ask that you reconsider your management of wild horses and burros. The American public loves our wild horses and burros. Herds can be managed in humane ways, with the support and advice of organizations that care about their welfare. BLM "holding lots" are already overcrowded. Helicopter round-ups are particularly heinous - cruel and inhumane. There are better ways to manage wild horses - if indeed they truly must be managed.
