Title:

Comments: I am writing in support of the Cordova Ranger District Guided Helicopter Skiing Project, particularly the issuance of a permit to Points North Heli-Adventures ("PNH"). I personally know several members of the PNH leadership team, and they are high-integrity team players who love the town of Cordova and the amazing Chugach mountains. PNH has a proven track record of exemplary stewardship of USFS land; working with stakeholders at all levels, including the USFS, the government in Cordova, local business owners, and local community members; and bringing people from around the world to Cordova and allowing them to experience some of the most beautiful and pristine federal land in a way that minimizes any environmental impact. Granting a final permit to PNH will allow the company to continue contributing to the local community for years to come while safeguarding the Chugach mountains.
