Comments: To Whom it concerns,

I've worked at PNH for 8 seasons and am sharing my perspective.

You will not find an organization of owners and staff more committed to safety, improving operational systems, and compassionate care for their guests and the eco system in which they operate. Simply put, there is no other operator that will do a better job listening to the concerns of the community and taking direct action to remain a steward of these mountains. Please support this project and help PNH remain a valuable member of the community!
