First name: Wayne

Last name: Haley

Organization: Summit Mountain Bikers

Title: Co_founder

Comments: I write on behalf of the 140 members of Summit Mountain Bikers, a group of mostly retired, mostly fulltime residents of Summit County. We fully support the Phase 2 proposal and are excited to see this expanded network of trails on the Peninsula. This network is important because it provides much needed early season riding since the Peninsula generally dries out early relative to many other trails. More importantly, it concentrates good riding in a compact area and helps relieve the congestion and wear and tear on our other trails in the County. Thank you for allowing the Town to expand their trail network.
