Comments: I am opposed to grazing on lands designated as Wilderness, which is fundamentally at odds with the goals of the Wilderness Act. Additionally, I am opposed to grazing on lands which are by their very nature unsuitable for that purpose.

Any plan revisions should emphasize voluntary permit retirement. Any plan revisions should NOT regress to old and outdated levels permitted in the past. Any plan revisions should PRIORITIZE the protection of threatened and endangered species. Any plan revisions should hold permit holders responsible for any and all impacts imposed on public lands by their stock animals.
