First name: Laurel

Last name: Facey

Organization: Mount Grace Land Conservation Trust

Title:

Comments: If the Forest Service wishes to amend its directives, the Forest Service must undertake a more comprehensive rulemaking process that complies with the National Environmental Policy Act. We are in a climate crisis and must be preserving our green spaces - forests most importantly. We must sequester the most carbon possible. The life of our planet depends upon what we do now, and what we do not do. We must not be destroying any more forests.
