First name: Nora

Last name: Oliver

Organization:

Title:

Comments: I am disgusted and appalled that "public servants" instigate the decimation of the public's natural wonders of which OUR wild burros and horses are a part. YOU DO NOT HAVE THE RIGHT! These are the PEOPLE's treasures not you, your bureau, nor the parties who feel these tactics are in the best interest. START working for the PEOPLE and save our Wild Animals before it is too late. You will pay at Judgment Day for your choices.
