First name: Sherrill

Last name: Futrell

Organization:

Title:

Comments: You are acting as badly as the BLM and I don't want to pay for your killing of our horses. They don't belong to you. This plan will decimate this historic population, leaving as few as 50 horses on nearly 20,000 acres of public land! Meanwhile, the agency permits thousands of cattle to graze within the horses' habitat.
