Comments: Please truly consider deeply not rounding up Herbts band

The horse's just like all the other wild horse's are a part of our AMERICAN HISTORY.

The SWRHMG have done wonderful things to keep their population in check and it works

These American beauties belong on their land.

Please do not round them up,you will be breaking families up and tramatize the family herds.

PLEASE DO NOT ROUND THEM UP.

With deepest respect for all forms of life
