First name: Chuck

Last name: Elliott

Organization:

Title:

Comments: Please leave the horses on the land they currently live on. They should be allowed to live in the wild as intended. If the size of the herd is an issue then other options should be evaluated, such as PZP. It has been shown to be effective in other wild horse herds. I love the history and beauty of the wild horses and want to be able to continue to share that with my family and friends.
