Comments: This land belongs to the public....not a corporation.
Why are you allotting our public land to cattle ranchers robbing our wildlife of their precious space and resources? Cattle don't belong on publica land. They belong of private ranch land.

Wildlife has the right of land... grandfathered. Squatters rights .

Please consider not breaking up the generations of families of these beloved wild horse herd.

I realize this message falls upon deaf ears. Those not of God, but of the serpent. The actions you take upon the innocent shall doom you for eternity.

Eternity is forever...

Do the right thing, consider humane management. Not destruction.

Humanity is better Than that...

God have mercy.
