First name: Michael

Last name: Patt

Organization:

Title:

Comments: Please consider using pzp as a humane form of birth control rather than removal or gelding the stallions. We love coming to visit the Heber horses as do many other tourists. The local community also benefits when the tourists come. This herd is historic. It would be a shame to lose them or remove the majority of them and leave a less than viable number to survive. Pzp is the best way. Thank you.
