

Data Submitted (UTC 11): 4/22/2021 12:16:01 AM

First name: Dolores

Last name: Queen

Organization:

Title:

Comments: Please keep the protection of this herd in place and from being removed from their current range of habitat. They are not doing any harm and have lived here for many many years. They are not over-populating as proved by research to only increase by 3%, not the 20% as the Bureau of Land Management would like you to believe. There are few things on this earth that are wild and free and these precious horses deserve to be left alone.
