First name: Cory

Last name: Otteson

Organization:

Title:

Comments: My name is Cory Ottesen and I have been an Albuquerque resident since 1989. I love the Sandias and its beauty. I regularly hike, mountain bike, and ride the tram. I have also seen and ridden the mountain coaster at Purgatory. I feel that coaster blended well into that beautiful area and was a fun summer activity to share with my family. I feel that a mountain coaster at the Sandia Ski area, would be a fun new summer activity in the Sandias. Co-locating the mountain coaster at the Sandia Ski area and using existing infrastructure (ski lifts and tram), if done properly, should have minimal ADDITIONAL environmental impact on the area.
