Comments: I support NO ACTION.

I require an Environmental Impact Statement (EIS). Due to the magnitude of the management plan and significant impact on the environment an EIS is required, pursuant to NEPA (National Environmental Policy Act). I am requiring you to do a full scientific study which would include the impacts of all use in the forest including cattle grazing and the impact of the human element on the Sitgreaves National Forest.

Again I support NO ACTION full heartedly. In accordance with the law and protection acts upon horse removal you must provide all required above.
