Comments: I know this falls on deaf ears yet I know I have to speak out and try to help these animals I saw a video the other day that dealt with y'all doing a round up
on this herd. I could not believe how badly your ranch hands abused
Aa tired,stressed,and helpless donkey.
My tax dollars are paying for this donkey to be pulled around by it's ears and to be kicked and God only what else happend to the poor animal,mind you the donkey was tied up while you're staff hurt a animal that was not resisting.
What y'all do is inhumane and discusting
Please leave these federally protected animals (horse's, burro's,donkies)
alone. You are supposed to humanly manage then and don't

It is sickening to see a Federal agency treat what they are supposed to protect and instead abuse them.
