Comments: Having survived injury in the high country, I know how grateful I was to have good 4 sided shelter available on a bitterly cold night. I wasn't going anywhere and, bar a helicopter ride, I was going to rest and move the next day. Moving these shelters convenient to Tuckerman Ravine skiing would be, in my opinion, a mistake-- unless similar sized structures of the same purpose would replace them. Thank you for the opportunity to comment on this portion of the project.
