Comments: I'm sad to hear the hermit lake shelters are being replaced. I can't believe servicing the existing shelters would not be a better option. In the winter having the unique shelters with a sliding door is very practical and protects from the winter weather. I don't think tent platforms and a 3 sided shelter with reduced space will fill the lost of the hermit lake shelters. Tucks is a unique place. There is no place like it. Once the shelters are gone it will never be the same. Please consider refurbishing vs replacement.
