Comments: Strongly opposed to this mining project. Hot creek is a place where me, like many other guides in the eastern sierra consider it to be an office. It supports our lively hoods and for many others it's a place for rest and relaxation. I was born in Mammoth and have lived here my entire life. To see Hot creek fall to the hands of a foreign company would be like watching a parent die, something that has taught us so much destroyed by the hand of man.
