First name: Jim

Last name: Stimson

Organization: fly fishing guide

Title:

Comments: This seems like a monumentally bad idea. Really?! Permit an open pit, cyanide leach field mine close to a renown fishery? Hot Creek is enjoyed by thousands every season, not only by anglers, but by people there marveling at its scenic and unique geologic values. Please do not allow the extraction industry to march in and scar our landscape permanently for a meager profit.

Thank you for your time and consideration.
