Comments: Dear Colleen Garcia,

Please don't allow this exploration drilling to commence. As I'm sure you are aware, the hot creek and supporting systems are delicate ecosystems that should be protected, not exploited. There are few places like hot creek which is the reason why I visit every opportunity I have, accompanied by my family. For me personally, hot creek is the nearest place for me to fly fish. I taught my children to fish there and hope to grow old returning to the same waters with my future grandchildren. I'm asking that you please do what you can to stop this exploration drilling, and please keep in mind hard working tax paying individuals like me who wish to enjoy hot creek for many years to come.

Your time is appreciated.
