First name: Pierce

Last name: Flynn

Organization:

Title:

Comments: As a fly fisherman who frequents the Hot Creek region, my family and friends spend much of our disposable income traveling there to fish and recreate. We go to Hot Creek because of its pristine ecology. We ask that you preserve this and the local business economy by not allowing this new development which could irreparably damage the region's appeal.

Thank you,

Dr. Pierce J. Flynn
