First name: Greg

Last name: Nespor

Organization:

Title:

Comments: Please do not allow this project to happen, especially without an EIS. It's crazy to me that a county who survives on tourism, especially things such as fishing would even consider this, but greed and \$\$\$\$ are in control over what I would call my National Land, whether USFS, BLM, State, etc.

Stop this project and throw it to the curb so the many millions who enjoy this area can do just that. Do Not allow a group of investors more concerned about their wallets and making their shareholders happy come in and destroy a somewhat pristine area such as the Long Valley, East Side, CA.

Deeply Upsetting,

Greg Nespor
