Comments: I am a member of the Pasadena Casting Club and Cal Trout. My opinion to the proposed mining activity adjacent to Hot Creek is as follows: Area has been a great fishery drawing a multitude of paying tourist to Mammoth and the surroundings, providing a steady influx of tourist dollars. The proposed drilling is being done by a foreign company...a painful pill. The company is a penny stock; my bet is if there is an environmental contamination result, the company will not have funds to repair. Who benefits by this drilling other than the company? My guess is there is a 0\$ benefit to the Mammoth community and Inyo County. Please re-think approving this project.

Regards,

Bruce
