Title:

Comments: Dear Ms Garcia, I strongly oppose the Long Valley Exploration Drilling Project proposed by Kore USA Ltd. (Kore Mining). I have owned a home in Mammoth Lakes for over twenty years and learned to fly fish on Hot Creek. Over the years, I have fished there more times than I can remember and it is a cherished place for me and my family. Mining is known to be destructive to waterways and Hot creek is a pristine creek and canyon that should not be harmed in anyway. It is very close to a resort town and provides peace, solitude, and fun for many people. There are thousands of miles of land that can provide for mining. Please don't do it on Hot creek.
