First name: Janelle

Last name: Kent

Organization:

Title:

Comments: It would seem if there was enough gold to make it viable to start drilling this would have been set up years ago. You are grasping at straws and in doing so do considerable untold damage to a fragile ecosystem-this must be stopped! Mono co. In coordination with other agencies needs to step up and deny Kore to explore any part of Long Valley! Thank you for your consideration. Respectfully, Janelle Kent
