Comments: I'm very sorry to hear about the overuse of Blue Pool. My preference would be to leave it alone as much as possible. I'd rather see a permit system in place for this area, just like all the other cool places that now require permits.
A permit process would easily eliminate at least half of the people I'd bet, especially the bozos who shouldn't be there anyway.
100 car parking lot? Ugh!
Thank you.
