Comments: We have been spending our summers in Heber Overgaard for 14 years. We love the area so much we invested in a home there. The biggest attraction to us was and is the wild horse bands that roam the area. We've invested a lot of time and money into our second home and the community.

If you do as planned, we will probably leave the community. We know others who feel as we do.

We urge you to do the right thing and leave the forests as they are.
