Comments: The aggressive policing of roads from trail to parking areas ruined our last visit. Reassign police to stop crime and restrict the traffic citations to only flagrant issues. Make all roads open to OHV including to nearest gas and food. Improve trail markings and maps: copy what Hatfield McCoy trails have done to increase revenue and visitation from other states.

Yes, please have trails for all riding levels including some Side by Side, 4 wheelers and single track. We need more trails in Ohio.

Thank you.
